Allowable Subject Matter

1. Claims 10-13 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 10, the prior art of the record fails to show or fairly suggest a digital camera that periodically creates, until a recording instruction is issued, a first still image corresponding to an object scene in such a manner as a real time display is omitted, and creates, when the recording instruction is issued, a second still image, comprising:

a corrector for correcting the specific compression ratio coefficient when a compressed second still image created by said compressor fails to satisfy a size condition including the specific size.

Claims 11-13 are allowable for the reason given in claim 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
